

TRESU XL5
Coating circulator

TRESU XL5

Coating circulator

The XL5 circulator ensures continuous flow of all UV- and aqueous standards, and special application coatings

- Compact system with two speed controlled peristaltic pumps
- Sensor controlled with alarm light, pan, chamber closed and hose break sensor
- Easy to operate by remote control
- Upgrade to pressure controlled circulation possible
- Automatic and adjustable timer for cleaning and emptying

The combination of UniPrint Combi doctor blade and the XL5 circulator makes a strong flexo concept

Peristaltic pump in the coating circulator

Technical Specifications

Height	365 mm
Width	600 mm
Depth	665 mm
Weight	75 kg
Voltage	200 - 400 V · 50/60 Hz
Inks/coating	Aqueous and UV
Alarm light	Standard
Pan sensor	Standard
Sensor chamber closed	Option
Pressure control (-P)	Option

The Best Part of Innovation

A-18-GB-04.12
