

Servitize your press at a fixed price: High OEE with less capital invested!

With our new doctoring servitization concept we supply, install and manage all parts for the chamber doctor blades for your press- and recycle or replace any part when needed.

We secure that the chamber doctor blades on your press are always doctoring smoothly.

We manage the maintenance, replacements, installation and adjustment of any part of the chamber doctor blades for you, so that you can focus on the printing and coating – and a higher Overall Equipment Effectiveness- OEE.

Reach out to TRESU Customer Care for more detailed information on doctoring servitization:
No investment required!

TRESU Doctoring Servitization:

- Highest doctoring quality of inks and coatings
- Fixed cost, with no surprises
- No investment in expensive spareparts inventory or consumables on stock
- Reduce unplanned stops
- Reduced ink consumption from leaking chambers and excessive layering
- Reduced waste and increased quality from correct doctoring

With our doctoring servitization concept you don't have invested capital tied up in chambers, but can focus on your operations and OEE instead.
