

Extending Performance

TRESU TruPoint Orange

Unlike traditional plastic, the stiffness of the next generation material combined with a precisely engineered MicroTip™ edge allows the blades to achieve and maintain a fine contact area with the anilox roll throughout the entire life of the doctor blade.

The TruPoint Orange doctor blade can deliver effective metering on line screens up to 2,000 lpi (785 L/cm) and produce graphics of the highest quality.

TruPoint Orange advantages:

- Pressroom safety
- No UV ink spitting
- No anilox scoring
- HD Flexo certified
- Long blade life
